| DESCRIPTION ON THE INDICATOR LIGHT AND THE BUTTON

Indicator Light

- Power ON: Light ON for 1.5 seconds and then OFF (in the meanwhile the spray will not operate by pressing the Button)
- Low Battery Reminder: Light obviously dims after turning on the device
- Liquid Shortage Check: Please refill the Purifying Liquid if the Light flashes slowly for 3 seconds after clicking/double-clicking the Button

Button

- Click: Light ON or OFF (Light will automatically go off after 2 minutes)
- Double-click: Spray
- Press and hold for 5 seconds: Reset the Purifying Liquid (reset successful when the Light flashes quickly for 3 times)

*When batteries are installed, PURA AIR SMART SPRAY will automatically start working.
*Be sure to remove the batteries before replacing the Purifying Liquid.

背面

01V1.0

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and ; (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC warning:
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: -Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

IC warning

- English:
This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) This device may not cause interference, and
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

- French:
Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation n'est autorisée aux deux conditions suivantes:
(1) l'appareil ne doit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'empêcher le fonctionnement.
